1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stewart Gitler on 1/13/06.

The application has been amended as follows:

In claim 1, on the fifth to the last line of the first page, please delete the following:

"Z = quaternary ammonium salts..., or" (i.e. the entire fifth to the last line) and insert therefore the following:

$Z = \text{quaternary ammonium salts derived from } R^2_2 N- (R^3-NR^2 -)_k-R^3 -, \text{ or}$

This amendment overcomes an obvious typographical error in the formula of Z.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.
